

The miniPrevail[®] Family

Your artistry goes hand in hand with our design.

For the masterpiece you create in every smile.

miniPrevail[®]TWIN

TOP SELLER

A low profile, miniature twin bracket that incorporates all the benefits of a larger bracket.

miniPrevail[®]TUBE

Our distinct design takes the guesswork out of placement while the tube features offer easy wire placement and engagement.

miniPrevail[®]SL

An interactive self-ligating bracket. The answer to achieve excellent, predictable results in less time.

TOP SELLER

miniPrevail[®] TWIN

LOW PROFILE MINIATURE TWIN BRACKET SYSTEM

Our low profile bracket precision manufactured by G&H[®] Orthodontics

miniPrevail[®] TWIN brackets are constructed of a specialized micro-grain stainless steel MIM powder, ideal for creating small, robust appliances that are inherently stronger and more dimensionally accurate than other similar brackets.

Intelligent Design	Patient Comfort
<p>METAL INJECTION MOLDED (MIM) micro-grain stainless steel powder ensures exact tolerances and strength of design</p> <p>SURGICAL-GRADE STAINLESS STEEL for greater strength</p> <p>COLOR ENHANCED I.D. for easy bracket selection</p> <p>CENTER SCRIBE LINE aligns with long axis for accurate placement</p> <p>TORQUE IN BASE for level slot lineup and improved finishing</p> <p>80 GAUGE ANATOMICAL CONTOUR BONDING BASE matches the anatomical curvature of the tooth for maximum contact and a strong, consistent bond</p> 	<p>LOW PROFILE</p> <ul style="list-style-type: none"> • reduces occlusal interference • enhances comfort <p>ROUNDED FACIAL CONTOURS for patient comfort</p> <p>INCREASED TIE WING AREA to facilitate ligation</p> <p>RHOMBOIDAL SHAPE Mesiodistal sides line up with the long axis and incisogingival sides line up with the occlusal plane</p> 

Did you know?
Our **ELASTOMERICS** are engineered to exacting standards to ensure consistent force delivery. G&H elastomerics, archwires, and tubes are designed to work seamlessly with our bracket systems.

miniPrevail[®] TWIN

Available in .018 or .022 slot size
Roth* or MBT* prescription

Sold individually or in kits.
1 kit = 20 brackets oriented in a kit box.

Also available in Roth* V-Slot
(Vertical slot measures .018" x .018")
Sold individually or in kits.

miniPrevail[®] SL

INTERACTIVE SELF-LIGATING BRACKET SYSTEM

The answer to achieve excellent, predictable treatment results in less time.

An **INTERACTIVE** self ligating bracket which uses a NiTi spring clip that is strong enough to deliver continuous and consistent forces while assuring tooth movement control. When using round archwires (up to .020") allows **PASSIVE** engagement during initial leveling and alignment to reduce friction and improve sliding mechanics. When using rectangular archwires (from .016"x.022"), becomes **ACTIVE** to provide effective torque and rotation control toward the end of treatment.

Intelligent Design

COLOR ENHANCED I.D.
for easy bracket selection

ASSEMBLED USING LASER TECHNOLOGY

17-4 SURGICAL-GRADE STAINLESS STEEL
for greater strength

METAL INJECTION MOLDED (MIM)
Constructed of a specialized micro-grain stainless steel MIM powder, ideal for creating small, robust appliances that are inherently stronger and more dimensionally accurate than other similar brackets. Ensures exact tolerances and strength of design

COMPOUND CONTOUR BASE
for increased bond strength and precise bracket placement

MICRO-ETCHED 80 GAUGE MESH ANATOMICAL BONDING BASE
matches the anatomical curvature of the tooth for maximum contact and a strong, consistent bond

Also –

Take a look at our **PREMIUM ARCHWIRES**, we make our wires, and that makes the difference. Premium alloys, material science and engineering, precision manufactured in the U.S.A.

See our website or catalog for full details.

Patient Comfort

LOW PROFILE

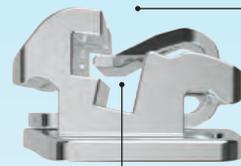

- reduces occlusal interference
- enhances comfort

AMPLE TIE WING

for elastomeric chain and ties

FULL SLOT AREA COVERAGE

for total tooth movement control

Optional hook on cuspid and bicuspid

NITI SPRING CLIP

for maximum resistance to permanent deformation, durability, and stable performance - prevents unwanted opening, yet opens easily with an explorer, closes with gentle finger pressure

miniPrevail[®] SL

Available in .018 or .022 slot size
Roth* or MBT* prescription

Sold in packages of 5 or in kits.
1 kit = 20 brackets oriented in a kit box.

miniPrevail[®]TUBE

PRECISION MANUFACTURED BY G&H[®] ORTHODONTICS

Seamlessly working together with our miniPrevail[®]TWIN and SL

Our new miniPrevail[®]TUBE has been engineered with the patient and orthodontist in mind. Our distinct "crosshair" design takes the guesswork out of placement while the tube features offer easy wire placement and engagement. Finally, the low profile and sleek hook is designed for the utmost patient comfort.

Intelligent Design	Patient Comfort
<p>DISTINCT "CROSSHAIR" horizontal and vertical placement sight lines with color-coded ID center "bullseye" positioning feature</p> <p>OCCUSAL/GINGIVAL PLACEMENT GUIDES allow for easy placement at the posterior region and assist with minor adjustments prior to curing the adhesive</p> <p>FUNNELED ENTRANCE for easier wire insertion</p> <p>ANATOMICALLY FORMED BASE MICRO-ETCHED 80 GAUGE MESH with developmental indent for precise fit and positioning, micro-etched mesh provides enhanced bond strength</p> <p>BALANCED to facilitate easier bonding</p> <p>PARALLEL WALLS for improved grip when handling</p>	<p>Available in 4.2mm or 3.2mm MESIAL/DISTAL DIMENSION for full rotational control</p> <p>LOW PROFILE metal injection molded (MIM) stainless steel</p> <p>ANGLED OCCUSAL WALL to avoid interference</p> <p>SLEEK HOOK DESIGN for ultimate patient comfort and simplified bonding</p> <p>Mesh Base Pad 1st Molar Tube Width: .260" (6.604mm) Height: .120" (3.048mm)</p> <p>Mesh Base Pad 2nd Molar Tube Width: .200" (5.08mm) Height: .1150" (2.921mm)</p>

Need BANDS?

Our **BANDS**, provide a secure fit you can count on. Precision-shaped tooth anatomy for a tight, secure fit and excellent retention, time after time.

See our website or catalog for full details.

miniPrevail[®]TUBE

Available in .018 or .022
Weldable or Bondable
Roth*, MBT* or Standard prescription
Sold in packages of 10.
